Acting Secretary
Federal Communications Commission
Washington, DC 20554

Re: CC Docket No. 96-61; Requirement under Paragraph 92(2)

Dear Mr. Caton:

In compliance with Paragraph 92(2) of the Commission's Report and Order in CC Docket No. 96-61 (FCC 96-331), released August 7, 1996, MCI Telecommunications Corporation and its common carrier affiliates (MCI) hereby submit to the Commission their "final plans to achieve rate integration by August 1, 1997," with respect to Guam and the Commonwealth of the Northern Mariana Islands (CNMI).¹ As previously related,² MCI will implement rate integration by treating Guam and the CNMI in a manner consistent with the current treatment accorded Puerto Rico and the U.S. Virgin Islands.

Please note that:

- The enclosed rates are subject to change prior to actual implementation.
- For specific services or service options which are not included in the enclosure (e.g., Directory Assistance), existing rates and rates structures will apply for the CNMI and Guam, and tariff language will be introduced to extend the existing rates and rate structures to these off-shore locations.
- Unless otherwise specified, all rates apply on a per-minute basis.
- Peak rates apply during the Business Day rate period; and non-peak rates apply during all other times.

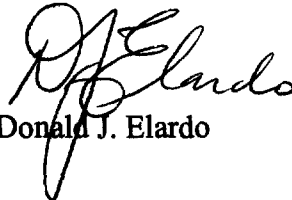

¹ As MCI noted in its January 31, 1997 letter (Donald J. Elardo to William F. Caton, FCC) American Samoa does not wish to be affected by this action and, therefore, appears to have repudiated any rights accorded it under the law. Under the circumstances, MCI's proposals here do not include American Samoa.

² MCI January 31, 1997 letter.

Mr. William F. Caton

Please advise if you have questions.

Very truly yours,

Donald J. Elardo

Enclosure
